Huey Newton : To Die for the People before purchasing it in order to gage whether or not it would be worth my time, and all praised To Die for the People:

0 of 0 people found the following review helpful. Five Stars By Jelaine5280 I love that it has historical information about Huey and includes conglomerate of his speeches and pictures. 0 of 0 people found the following review helpful. Five Stars By Cristina they were a gift and the person loved them. 0 of 0 people found the following review helpful. Five Stars By Customer great book!!!!

Long an iconic figure for radicals, Huey Newton is now being discovered by those interested in the history of Americas social movements. This new release of a classic collection of his writings and speeches traces the development of Newtons personal and political thinking, as well as the radical changes that took place in the formative years of the Black Panther Party. More than just a historic record, Newtons prescience and foresight make these documents strikingly pertinent today. Huey Newton was the founder, leader, and chief theoretician of the Black Panther Party, and one of Americas most dynamic and important revolutionary philosophers.

From Library Journal's review for *The Huey Newton Reader*: "... passionate and captivating writings that reveal a widely read political theorist committed to putting theory into practice to make a better world. This book is essential reading and primary-source research material for understanding the Black Panther Party, grass-roots organizing at its best, and the black power movement. "
