this is history in all its diversity, absurdity, hope, and endurance, in a tale of marriage played out in the teeming unsummarizable world of the 18th-century colonial Atlantic. Fogleman has drawn aside the veil of easy generalization and given us life as it was, for millions, and in the process given us the story of a marriage that, when hope had waned, endured by sheer endurance. You will hate and love this unlikely pair!

Jean-Francois Reynier, a French Swiss Huguenot, and his wife, Maria Barbara Knoll, a Lutheran from the German territories, crossed the Atlantic several times and lived among Protestants, Jews, African slaves, and Native Americans from Suriname to New York and many places in between. While they preached to and doctored many Atlantic peoples in religious missions, revivals, and communal experiments, they encountered scandals, bouts of madness, and other turmoil, including within their own marriage. Aaron Spencer Fogleman's riveting narrative offers a lens through which to better understand how individuals engaged with the eighteenth-century Atlantic world and how men and women experienced many of its important aspects differently. Reynier's and Knoll's lives illuminate an underside of empire where religious radicals fought against church authority and each other to find and spread the truth; where Atlantic peoples had spiritual, medical, and linguistic encounters that authorities could not always understand or control; and where wives disobeyed husbands to seek their own truth and opportunity.

This is careful scholarship written accessibly and with a biographer's skill for story.--Lutheran Quarterly A well-told story that invites curiosity and reflection.--Georgia Historical Quarterly An unusually revealing view of the transcontinental networks and radical thought and behavior in the tumultuous 18th-century Atlantic world. Recommended. All levels/libraries.--Choice An evocative and insightful microhistory that adds depth to our understanding of the integration of the Atlantic. . . . Recommended for anyone interested in early American and Caribbean history, and is essential reading for those who study interfaith and intercultural encounters in the early modern Atlantic world.--New West Indian Guide In Aaron Fogleman's delightful book, the human dramas and the distinctive characters of the Reyniers come through with clarity and poignancy--to read the first few pages is to want to read the rest. Fogleman portrays them shrewdly, sharply, compellingly, and compassionately. His scholarship is capacious and even audacious in its sweep and in its depth. In the telling of the Reyniers' story, we learn much about the tumultuous and brutal Atlantic world.--Michael Zuckerman, author of *Almost Chosen People: Oblique Biographies in the American Grain* The eighteenth-century Atlantic world comes into surprising new perspective as Aaron Fogleman follows an adventurous missionary couple in Europe, the American colonies, and the Caribbean. In his deft hands, Maria Knoll and Jean-Francois Reynier come to life, both in the extensive networks of religious conversion and in the intimate exchange of a sometimes uneasy marriage. *Two Troubled Souls* is a great read, absorbing from start to finish.--Natalie Zemon Davis, author of *Women on the Margins* From the Inside Flap Jean-Francois Reynier, a French Swiss Huguenot, and his wife, Maria Barbara Knoll, a Lutheran from the German territories, crossed the Atlantic several times and lived among Protestants, Jews, African slaves, and Native Americans from Suriname to New York and many places in between.
