Derrick Murphy, Kathryn Cooper, Mark Waldron : United States 1776-1992 (Flagship History) before purchasing it in order to gage whether or not it would be worth my time, and all praised United States 1776-1992 (Flagship History):

1 of 1 people found the following review helpful. An inspirational text bookBy A CustomerThis is a very useful text book which should be a must have for students of American History and especially if they are taking AS/A2 exams. It covers a wide range of useful topics and sections of the book correspond with the AQA American History syllabus. It is clearly and logically set out and is easy to understand since the topics are broken down into user friendly chunks. The questions that are posed lead to better understanding and enable teachers and students to have informed debates especially with regards to foreign policy issues.This text book also serves as a very good introduction to issues such as Civil Rights for African Americans. Students can build on the background knowledge they may already

have. Therefore students can use this for the A2 exam secure in the knowledge that this book will help them towards a better grade. Furthermore the diagrams help to make this an easy to digest book and they are always helpful and relevant. Clearly edited (by a very experienced chief examiner) and never over long this book is worth investing in.

A comprehensive text on American history from this series by teachers and examiners. Includes historical interpretations, document source questions, explanation of difficult words and concepts and a study skills section for exam preparation. 1 Synoptic Assessment 1776-1992 2 Political Background 1770-1877 3 The West 1800-1900 4 USA 1877-1919 5 USA in 1920s 6 USA in 1930s 7 US Foreign Policy 1898-1945 8 USA and Cold War in Europe 1945-919 9 USA and Cold War in Asia 1945-1975 10 Civil Rights 1900-1992 11 US Domestic Policy 1945-69 12 Nixon to Clinton

'Hard-pressed heads of History with budgets to manage must have been waiting impatiently for years for someone to reinvent the one-volume textbook at a reasonable price. Collins have done it.' TES About the Author Derrick Murphy attended the universities of East Anglia, Birmingham and London and is an Educational Consultant. Formerly editor and contributor of the 'Modern History' he has extensive knowledge and experience of educational assessment. He has been Principal Examiner for GCE A level History at AQA, OCR and Cambridge University International Examinations. He has also been involved with assessment at Key Stage 3 and GCSE with AQA and a senior examiner with the International Baccalaureate. He has written specifications and syllabuses for examination boards within the UK but also for Hong Kong, Singapore and South Africa. Kathryn Cooper is Head of History and Politics, Loreto VI Form College, Manchester. Mark Waldron is Housemaster, The Leys School, Cambridge; OCR Reviser for US History (AS and A2)
