Wills of Westmoreland County, Virginia By Sandy This ais another must-have for genealogists researching that area of early Virginia. 0 of 0 people found the following review helpful. Great information! Great condition By pam8586 Exactly what I needed! Great information! Great condition!

Westmoreland County was created from Northumberland county in 1653. It is the parent county of Stafford, Prince William, King George Fauquier. Many of Westmoreland's early records are missing especially the marriages which do not start until 1772. Wills are wonderful source for the researcher due to many and variety of family members being mentioned. Many times marriages of various family members can be discovered within a will.
