written collection of views on the revolt, with a thoughtful introduction by Weber on the job of an historian. Well done0 of 0 people found the following review helpful. Well, it's a bookBy Clyde MassaroWas required reading for an history class.0 of 0 people found the following review helpful. Pueblo Revolt: Multiple Significant AspectsBy Stephen Irving Max SchwabGreat insightful essays to compare with each other

What caused the Pueblo revolt of 1680? This now-famous revolt marked the end of 80 years of peaceful coexistence between Spaniards and Pueblos; historians have long struggled to understand the complex reasons for the sudden and dramatic breakdown of relations. In this volume, 5 historians examine the factors that led to the unprecedented collaboration among tribes separated by distance, language, and historic rivalries that resulted in the destruction of Spain's New Mexico colony. Searching through what little remains of the written record, the essays present a variety of interpretations, with different emphases on culture, religion, and race.
