Johnson Adolf von Harnack is probably the pre-eminent historian of the evolution of Christian doctrine of all time. For those who are unable to read his 7 volume History of Dogma, this book will acquaint you with some of Harnack's ideas and opinions. Adolf von Harnack (1851-1930), was a German theologian and prominent church historian. He produced many religious publications from 1873-1912. This work is a history of early Christian literature down to Eusebius of Caesarea, Harnack traced the influence of Hellenistic philosophy on early Christian writing and called on Christians to question the authenticity of doctrines that arose in the early Christian church. He rejected the historicity of the gospel of John in favor of the synoptic gospels, criticized the Apostles' Creed, and promoted the Social Gospel.
