Saul Friedlnder : When Memory Comes before purchasing it in order to gage whether or not it would be worth my time, and all praised When Memory Comes:

8 of 9 people found the following review helpful. A Moving StoryBy Dr. Barry R. Leventhal, Distinguished Senior ProfessorOne of the most moving stories to come out of the Holocaust. Friedlander takes us back to the years leading up to World War II, from the period of his childhood to his contribution to the establishment of the modern state of Israel in 1948. The reader travels with him as he struggles with the memories of his past to his rediscovery of who he

is as a Jewish young man. The reader will be drawn into his or her own past to discover how one's memory of the past forges one's present reality. Barry R. Leventhal, Ph.D. Distinguished Senior Professor Former Provost and Academic Dean Southern Evangelical Seminary 0 of 0 people found the following review helpful. Riveting, wrenching By Peter Meyers This tale of a young boy, who makes his way without any family through Nazi occupied France and then onto a career as a leading historian, is gripping. 0 of 0 people found the following review helpful. Insightful self-assessment of leading historian By David H. Fascinating, well-written account of youth and early career of an eminent historian. Be sure to reach the next volume, just published.

A classic of Holocaust literature, the eloquent, acclaimed memoir of childhood by a Pulitzer-winning historian, now reissued with a new introduction by Claire Messud Four months before Hitler came to power, Saul Friedländer was born in Prague to a middle-class Jewish family. In 1939, seven-year-old Saul and his family were forced to flee to France, where they lived through the German Occupation, until his parents' ill-fated attempt to flee to Switzerland. They were able to hide their son in a Roman Catholic seminary before being sent to Auschwitz where they were killed. After an imposed religious conversion, young Saul began training for priesthood. The birth of Israel prompted his discovery of his Jewish past and his true identity. Friedländer brings his story movingly to life, shifting between his Israeli present and his European past with grace and restraint. His keen eye spares nothing, not even himself, as he explores the ways in which the loss of his parents, his conversion to Catholicism, and his deep-seated Jewish roots combined to shape him into the man he is today. Friedländer's retrospective view of his journey of grief and self-discovery provides readers with a rare experience: a memoir of feeling with intellectual backbone, in equal measure tender and insightful.

"Friedländer undertakes an evocative journey into his past that is likely to leave many a reader shaken." Amos Elon, New York Times Book "A beautifully written (and beautifully translated) memoir of a tragic childhood." New Yorker "A work of eloquence and compassion." John Skow, Time "A tender elegy which moves from the Israeli present to the European past, from fear to memory, in a mosaic of Proustian images." New Republic "The most remarkable feature of *When Memory Comes* is its composure, an elegance that is unnerving. Friedländer describes his experiences in lean, graceful sentences; his language seems armored against the dissolution it describes." Leon Wieseltier, The New York Times Language Notes Text: English, French (translation) From the Publisher Wisconsin edition not for sale in the U.K. or the traditional British Commonwealth
