Rachel Biale : Women and Jewish Law: The Essential Texts, Their History, and Their Relevance for Today before purchasing it in order to gauge whether or not it would be worth my time, and all praised Women and Jewish Law: The Essential Texts, Their History, and Their Relevance for Today:

0 of 0 people found the following review helpful. Unique Intersection of Philosophy and Religion, Phenomenal Work
By aaron weddle This book is unique and critical. I had to read a few chapters of it for a Religious texts course and I was fascinated. It shows a unique intersection of philosophy: Jewish culture, law, and politics from a feminist perspective. As such it could be taught in a variety of classes and no matter how it were taught it would not lose it's punch. Influential and phenomenal; hope to have it on my bookshelf for the rest of my life.
3 of 3 people found the following review helpful. very in depth
By Shira What a great book. I purchased this book after the ben ish chai's laws for women. I was a bit hesitant, thinking that this book too would be too simple for where I am in my studies. Fortunately, I was wrong. This book goes into relevant commentary from big-time sages on essentially all issues pertaining to women. I really enjoyed reading it. I've definitely learned from it and will surely recommend it.
3 of 3 people found the following review helpful. A must read for all women
By Amy This is a clear concise book that pulls no punches and does not fail to go into adult language to explain a womans rights and obligations in a relationship that is truely according to Jewish Law.

How has a legal tradition determined by men affected the lives of women? What are the traditional Jewish views of marriage, divorce, sexuality, contraception, abortion? Women and Jewish Law gives contemporary readers access to the central texts of the Jewish religious tradition on issues of special concern to women. Combining a historical overview with a thoughtful feminist critique, this pathbreaking study points the way for informed change in the status of women in Jewish life.

"An amazing book rich in scholarship, deep in historical perspective, and enormously interesting to anyone concerned with questions of Jewish life."
Anne Roiphe An essential resource and entry point for understanding the construction of women's roles in traditional Judaism.
Judith Plaskow, author of Standing Alone at Sinai With great precision and clarity, Biale ferrets out for us the inner meaning of the law, traces its development, and explores its relevance to Jewish women's lives today.
Blu Greenberg, author of On Women and Judaism [Biale] open[s] up the halakhic process to women, providing the reader who is unfamiliar with the original Hebrew texts with her first encounter of learning.
Hadassah From the Back Cover How has a legal tradition determined by men affected the lives of women? What are the traditional Jewish views of marriage, divorce, sexuality, contraception, abortion? Women and Jewish Law gives contemporary readers access to the central texts of the Jewish religious tradition on issues of special concern to women. Combining a historical overview with a thoughtful feminist critique, this pathbreaking study points the way for "informed change" in the status of women in Jewish life.
About the Author Rachel Biale grew up on Kibbutz Kfar Ruppin in Israel. She earned an M.A. in Jewish history at UCLA and an M.S.W. at Yeshiva University. She lives in Berkeley, California, where she is a practicing psychotherapist.
