Nancy Woloch : Women and the American Experience: A Concise History before purchasing it in order to gage whether or not it would be worth my time, and all praised Women and the American Experience: A Concise History:

0 of 0 people found the following review helpful. Awesome!By CustomerI loved this book! Have quoted from it for assignments in my Masters program.0 of 0 people found the following review helpful. Four StarsBy Mary L Eickholtrequired text1 of 1 people found the following review helpful. excellent and informative readBy Moises Ponce-ZepedaThis book was assigned reading for a lower division history course. Woloch provides the reader with an interesting breakdown of primary sources that are highly influential to a developing interest in history. In focusing on

the plight of women especially women of color, Woloch is able to provide the reader with an insightful reflection upon the early American experience. Woloch achieves this by juxtaposing her subjects documented experiences with the world around them as well as renowned historiography upon the subject. Woloch provides a balance between the raw energy of a primary source in contrast with more academic sources in a way that does not overwhelm the student but certainly provides the reader with a variety of sources to use as the starting point for research. This book very carefully dissects the experience of women in a way that allows a reader to interpolate the experience of other women in a similar situation. Woloch's ability to use primary sources effectively makes for a very quick and interesting read

The 2d edition of this concise history has been revised to incorporate continuing research in the fast-growing field of Womens History. Additions to the text include an exploration of womens experiences and roles in various ethnic groups as well as three new sections: "The Trans-Mississippi West", "Migrants and Immigrants" and "Women and the Law". Wolochs lucid, lively and thorough survey retains the same comprehensive style that has made it the best-selling narrative text in American Womens History.

About the Author Nancy Woloch teaches history and American Studies at Barnard College, Columbia University. She is the author of 'Muller vs. Oregon: A Brief History with Documents' (1996); co-author of 'The American Century: A History of the United States Since the 1890s' (1998), with Walter Lafeber and Richard Polenberg; and co-author of 'The Enduring Vision: A History of the American People' (4th ed., 2000).
