**Sharon M. Hannon : Women Explorers (Women Who Dare)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Women Explorers (Women Who Dare):

0 of 0 people found the following review helpful. Five StarsBy Norma Tellesaltought small its content are large2 of 2 people found the following review helpful. Three StarsBy fleaVery, very interesting book. Just wish it wasn't so short.3 of 9 people found the following review helpful. not really a reading kind of bookBy CustomerThis is more of a gift book. It is very small, about the size of a greeting card. I think this is part of their series which includes calendars and knowledge cards. Very little info about each explorer. Would not have bought this if I had paid attention to book dimensions but who looks at the dimensions of a book before they order? Should have been clued by the Pomegranate publisher.

From the South Pole to the Sahara, women, as avidly as their male counterparts, have sought adventure around the globe. Not always accepted, more often than not these female explorers have had to struggle against restrictive societal mores in addition to the challenges presented by the deserts, mountains, and other wild places that beckoned to them. Women Who Dare: Women Explorers highlights the achievements of several extraordinary women, documenting their

inspiring stories with dozens of historical photographs.
