Solomon A. Nigosian : World Religions: A Historical Approach before purchasing it in order to gage whether or not it would be worth my time, and all praised World Religions: A Historical Approach:

4 of 4 people found the following review helpful. LackingBy Tanja HernandezThe shipment was timely and the condition superb. However, I found the book lacking on many ancient religions and it completely disregards nature based religions in modern society. There is an entire chapter on globalization and a chapter on sects and cult like Scientology but they conveniently ignore nature based or pagan religions that have a larger following as a world

religion. I suited my need for my course, but it was definitely lacking in "world" religions.7 of 7 people found the following review helpful. World Religion Class helperBy fortheloveofphilosophyThis book is a great book for World Religions. Some World Religion books tend to be dry and boring, but this one gives you what you need to know in a better way. It is still very factual, but something about it makes it easier to read than most World Religion books. It is small and affordable and pretty much hits the high points for you on World Religions in a less biased way. I enjoy reading it.0 of 0 people found the following review helpful. Five StarsBy Dana YearyThis book was for a summer college class. It was reasonably priced.

A concise, balanced, and reasonably priced introductory text, *World Religions* takes a historical approach to the ideological and cultural aspects of several religions. More than just a collection of facts about beliefs and mores, this unique text offers students a complex portrait of each religion, with scholarly viewpoints interspersed throughout.

About the AuthorS. A. NIGOSIAN, a research associate at Victoria College of the University of Toronto, has been teaching in the Religion Department for over 25 years. His most recent publications include: "Islam: Its History, Teaching, and Practices" (2004), "From Ancient Writings to Sacred Texts: The Old Testament and Apocrypha" (2004), " "and "The Zoroastrian Faith: Tradition and Modern Research" (1993). His articles on Near Eastern Religions and the Hebrew Bible / Old Testament are published frequently in professional journals such as "Studies in Religion," "Journal of Asian and African Studies," "Theological ," "Vetus Testamentum," "Ephemerides Theologicae Lovanienses," and "Biblica."
