

read! 1 of 1 people found the following review helpful. Informative and easy to read  
By Erin Tomaszewski  
World Religions in America is informative and easy to read. Many of the authors refer to their own real life experiences, and put these experiences into perspective for the reader, using laymans terms. I purchased this book for a class, but I would recommend this book for anyone looking for a quick reference about today's religions in America.

The fourth edition of World Religions in America continues its lauded tradition of providing students with reliable and nuanced information about America's religious diversity, while also reflecting new developments and ideas. Each chapter was updated to reflect important changes and events, and current statistics and information. New features include a timeline of key events and people for each tradition, sidebars on major movements or controversies, personal stories from members of various faiths, a theme-based organization of subjects, more subheads, three new chapters exploring America's increasing religious diversity, and suggestions for further study.

About the Author  
Jacob Neusner is Distinguished Service Professor of the History and Theology of Judaism and Bard Center Fellow at the Bard College Institute of Advanced Theology in Annondale-on-Hudson, New York. He is the author of several books, including Judaism When Christianity Began, The Emergence of Judaism, and the popular textbook World Religions in America, all of which are available from WJK.
