Joseph Plumb Martin : Yankee Doodle Boy: A Young Soldier's Adventures in the American Revolution before purchasing it in order to gage whether or not it would be worth my time, and all praised Yankee Doodle Boy: A Young Soldier's Adventures in the American Revolution:

5 of 5 people found the following review helpful. Wonderful for HomeschoolersBy Translatej2eMy kids and I really enjoyed Yankee Doodle Boy when I read it aloud for our unit on the Revolutionary War. The names, dates and locations of various battles could get a little tedious, but I just paraphrased my way around them.The book was very

worthwhile and interesting in terms of the daily life of a typical soldier, and we enjoyed it immensely. Soooo much better than reading about it in a boring textbook. This book brought the period to life!0 of 0 people found the following review helpful. Four StarsBy Sierra Wolfordgreat product and services2 of 2 people found the following review helpful. good bookBy Anna C. Martina good book, presented in an interesting way. true stories are always more fun. not too challenging even though a lot of books written in the 1700's could be difficult.

A soldier's extensive account of his life during the American Revolution after enlisting at age fifteen.

From the Back CoverThis story by Joseph Plumb Martin has a 'you were there' quality to it which gives a direct and immediate understanding of what life in the Continental army was like. It is extremely readable.
