**Kurt Hoffman : Young Heroes: A Learner's Guide to End Human Trafficking** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Young Heroes: A Learner's Guide to End Human Trafficking:

Young Heroes: A Learner's Guide to End Human Trafficking educates and empowers its readers to surpass their highest potential as dignified, equal, and beautifully diverse human persons toward the goal of ending human trafficking worldwide. Here are the top ten ways it does that:

"This wonderful book is a wise guide and rich counsel for all of us who want to make the world more free and

decent!" -Dr. Cornel West, Activist, Author of Race Matters "A Learner's Guide to Abolish Modern-day Slavery serves as a stimulating and practical introduction to philosophy and worldviews for high school students." -Cathy Duffy, Homeschool Curriculum er and Expert "Kurt Hoffman has written a user's manual for the toolbox in your brain. Your brain may ache a little as you use this book, but that's good: like a muscle, it is getting stronger. Kevin Bales, author of Disposable People "The Abolish Slavery edition of Young Heroes offers a wonderfully creative and compelling introduction to modern-day slavery. Through images, histories, exercises, and action items, this smart and accessible learner's guide will help to inspire a new generation of abolitionists and equip them with the analysis and activist tools they need to confront this most pressing human rights challenge." -Dr. Timothy Patrick McCarthy, Harvard University, and Board Member of Free the Slaves

From the Back Cover There are more slaves in the world today than ever before in human history. There is also more potential for amazing works by today's young people than ever before too. Because of their wonderfully high potential, therefore, Young Heroes educates, empowers, and cultivates the flourishing of today's youth toward the ending of human trafficking and abolishment of modern-day slavery. Tapping into youth-culture's growing passion to change the world, Young Heroes specifically empowers its readers as dignified, equal, and beautifully diverse human persons to be the change the world needs.
