Yosef Hayim Yerushalmi : Zakhor: Jewish History and Jewish Memory (The Samuel and Althea Stroum Lectures in Jewish Studies) before purchasing it in order to gage whether or not it would be worth my time, and all praised Zakhor: Jewish History and Jewish Memory (The Samuel and Althea Stroum Lectures in Jewish Studies):

0 of 0 people found the following review helpful. Tough Read But Well Worth The Effort
By Skin Doc
This book is not easy reading to be sure. However, it was worth slugging away at it all the way to its conclusion. It provides some explanations for why the Jewish People have until recently not really sensed a need for legitimate historiography. The final section concerning "remembering vs. forgetting", has lessons for Humanity at large.
5 of 5 people found the following review helpful. A real classic
By Avi Ezer
In the 30 years since Yosef Hayim Yerushalmi published his poignant and profound insight into the tension between history and sacred memory, it's hard to think of a more influential work by a Jewish historian. Or of one which so readily merits a re-reading by those who remember the impact it first made. As for those who aren't familiar with it, give yourself an intellectual treat-- a short study but one which --no pun intended-- you won't forget.

By ZeeBee
A hard read, but amazing. Plow through the first 20 pages and it gets easier to read.

"Mr. Yerushalmi's previous writings . . . established him as one of the Jewish community's most important historians. His latest book should establish him as one of its most important critics. Zakhor is historical thinking of a very high order - mature speculation based on massive scholarship." - New York Times Book Review

"Mr. Yerushalmi's previous writings, on the Spanish and Portuguese Jews . . . established him as one of the Jewish community's most important historians. His latest book should establish him as one of its most important critics. Zakhor is historical thinking of a very high order - mature speculation based on massive scholarship."
New York Times Book "Yosef Hayim Yerushalmi is an exemplary Jewish historian of the Jews, and with Zakhor he becomes an exemplary theorist of the troubling and possibly irreconcilable split between Jewish memory and Jewish historiography. . . [Zakhor] may well be a permanent contribution to Jewish speculation upon the dilemmas of Jewishness, and so it may join the canon of Jewish wisdom literature."
New York of Books "A remarkable book that discusses the millennial tension between the age-old Jewish commandment - and tradition - of remembrance and the relatively new Jewish interest in history."
American Historical "A brilliant and fundamentally new appraisal of collective Jewish historical memory. . . . It opens up new horizons of thinking in a style that is beautiful and a scholarship that is overwhelming."
Gerson D. Cohen, former chancellor of the Jewish Theological Seminary of America
About the Author
Yosef Hayim Yerushalmi is Salo Wittmayer Baron Professor of Jewish History, Culture, and Society, and director of the Center for Israel and Jewish Studies at Columbia University.
