Michael Brenner : Zionism: a Brief History Expanded Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Zionism: a Brief History Expanded Edition:

Michael Brenner's brilliant short survey of one of the most interesting and embattled movements of the contemporary world is the most reliable introduction available in English into a subject that has become in recent years a matter of much controversy, very often on the basis of ideological prejudice or simply ignorance. This admirably objective

review of a multi faceted movement deals both with its cultural and political origins and manifestations. -Walter Laqueur, author of The History of Zionism

A concise yet insightful survey ... An accessible yet scholarly translation --Midwest Book ... an excellent reference .. --Booklist
In this translation of the German Geschichte des Zionismus , Brenner (Jewish history and culture, U. of Munich) explains the early history of the movement for the Jewish return to the biblical land of Israel, foundational myths, and the status of Zionism since the founding of modern Israel. Includes posters for the cause, and a chronology spanning from 1825 (proposal for a Zionist community in upstate New York) to 2011. --Book News
"One of the strengths of this work is that Brenner does not have an ax to grind, nor does he come with an agenda ... Michael Brenner is a gifted storyteller who gleans the best stories from a rich and dynamic century." - Micah D. Halpern, Jewish Book Council
About the Author
Michael Brenner, University of Munich and visiting professor at Stanford University and Johns Hopkins University is the author of numerous publications including The Renaissance of Jewish Culture in Weimar Germany and After the Holocaust: Rebuilding Jewish Lives in Postwar Germany.
